# BENEFITS OF KENKEN

KENKEN is a world famous math puzzle that is considered as SUDOKU+. It is recognized by the NCTM (The National Council of Teachers of Mathematics, USA), as a powerful tool to build reasoning skills, problem solving aptitude, perseverance and mental stamina in kids. KenKen makes math fun for students.

Helps in improving  
**COGNITIVE ABILITIES**

Helps in developing  
**MATH FLUENCY**

Helps in developing  
**PERSONAL STRENGTH**

Lets students have  
**FUN & ENGAGEMENT**

We were overwhelmed by the response from the student community towards KenKen, as over 6500 students took part in KIC 2016. We intend to make KIC 2017 an even bigger success. Register and be a part of the largest puzzle championship in UAE.
